NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

Note 1. Organization and Nature of Activities

The National Security Archive Fund, Inc. (the NSAF) is a District of Columbia non-profit corporation. Since July 1, 1999 the NSAF has been the corporate base for the National Security Archive (the Archive). The Archive was founded in 1985 under the auspices of a multi-program non-profit corporation to collect, analyze, and publish unclassified and declassified documents bearing upon U.S. foreign policy and related topics in international affairs. Its published collections of documents are used by the students and faculty of colleges and universities in the U.S. and abroad, and by journalists, researchers, and non-governmental organizations throughout the world. It also undertakes research projects and conferences to facilitate the study and open discussion of world events and trends.

Since 1995 the Archive has been located in the Gelman Library at The George Washington University (GWU) in Washington, DC. Although the Archive and GWU are separate legal entities, the Archive provides many materials and services to GWU students and faculty (including direct access to Archive document collections; research-assistant positions and internships for GWU students; assistance in the use of the U.S. Freedom of Information Act in scholarly research; and participation in frequent collaborative activities including seminars, conferences, and research projects) and receives access to various GWU facilities (including office space and telephone services; information-technology equipment and support; university library, on-campus parking, and athletic facilities; participation in the services of the Washington Research Library Consortium; and advice and assistance from GWU faculty in the formulation and undertaking of Archive research projects). The services and opportunities GWU and the Archive provide each other are significant and mutually beneficial, including many intangible elements. Where appropriate, the fair value of the services provided and received is reflected in the NSAF's financial statements.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the NSAF have been prepared on the accrual basis, which conforms to accounting principles generally accepted in the United States of America.

Basis of Presentation

The NSAF follows Accounting Standards Codification Topic 958, *Not-for-Profit Entities* (FASB ASC 958). FASB ASC 958 specifies that financial statements provided by not-for-profit organizations include statements of financial position, statements of activities, statements of functional expenses, and statements of cash flows. Contributions are recognized as revenue when they are received or unconditionally pledged. Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the NSAF and changes therein are classified and reported as follows:

THE NATIONAL SECURITY ARCHIVE FUND, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

Note 2. Summary of Significant Accounting Policies (Continued)

Net assets without donor restrictions – Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These net assets may be used at the discretion of NSAF's management and the Board of Directors.

Net assets with donor restrictions – Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of NSAF or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity. The NSAF does not currently hold net assets with perpetual donor restrictions.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities and changes in net assets.

Management Estimates and Uncertainties

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents consist of highly liquid bank accounts. At December 31, 2018 and 2017, the NSAF's cash and cash equivalents were held by one bank. The balance on deposit at times may exceed the amount insured by federal agencies. The NSAF does not believe that, as a result of this concentration, it is subject to any unusual financial risk beyond the normal risk associated with commercial banking relationships.

Grants Receivable

The NSAF accounts for grants and contributions under FASB ASC 958, which requires the NSAF to record a receivable to reflect the promises of donors to make future grants. Under Accounting Standards Codification Topic 820, *Fair Value Measurement* (FASB ASC 820), grants receivable are initially recorded at fair value and are discounted to their net present value using an appropriate market rate.

Property, Plant, and Equipment and Depreciation

Property, plant, and equipment are recorded at cost at the date of purchase or fair market value at the date of donation. Acquisitions greater than \$1,000 of property and equipment are capitalized. Computer and office equipment are depreciated using the straight-line method over their estimated useful lives of five years. Leasehold improvements are amortized using the straight-line method over the shorter of the estimated lives of the assets or the remaining life of the lease.

THE NATIONAL SECURITY ARCHIVE FUND, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

Note 2. Summary of Significant Accounting Policies (Continued)

Revenue Recognition

Foundation grants to the NSAF, whether with or without donor restrictions, are recorded as revenue when committed by the grantors. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of the amounts expected to be collected based on a market rate of return.

Royalties due to the NSAF from co-publishers are recorded as revenue in the periods in which they are earned from the sale of publications or subscriptions.

Income Taxes

The NSAF is exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code and the applicable state income tax regulations, except for taxes on unrelated business income. Because the NSAF had no unrelated business income for the years ended December 31, 2018 or 2017, no provision for income taxes has been made in the accompanying financial statements.

FASB ASC 740, *Income Taxes* prescribes a model for how an entity should recognize, measure, present, and disclose in its financial statements uncertain tax positions that the entity has taken or expects to take on a tax return. FASB ASC 740 requires an entity to recognize the benefit of tax positions when it is “more likely than not” that the provision will be sustainable based on the merits of the position taken by an entity. The NSAF has analyzed its tax positions, and has concluded that no liability should be recorded related to any uncertain tax positions. The NSAF is not aware of any tax positions that it believes will change materially in the next twelve months. If this position changes, the NSAF will assess the impact of any such matters on its financial position and results of operations.

Grantees and Indemnifications

The NSAF may enter into service agreements with service providers in which it agrees to indemnify the service provider against certain losses and liabilities arising from the service provider’s performance under the agreement. Generally, such indemnification obligations do not apply in situations in which the service provider is grossly negligent, engages in willful misconduct, or acts in bad faith. The NSAF is not aware of any liability under such service agreements for the years ended December 31, 2018 or 2017.

Functional allocation of expenses

The costs of providing the NSAF’s various programs and supporting services have been summarized on a functional basis in the Statements of Activities and Changes in Net Assets. Costs that can be identified with a particular program or support function are charged directly to that program or function. Salaries and related costs have been allocated among the programs and supporting services based upon the proportion of these costs applicable to each program. Other costs have been allocated to program expenses and supporting services based upon management’s best estimates.

THE NATIONAL SECURITY ARCHIVE FUND, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

Note 2. Summary of Significant Accounting Policies (Concluded)

New Accounting Pronouncement

On August 18, 2016, the Financial Accounting Standards Board (FASB) issued ASU 2016-14, Not-for-Profit Entities (Topic 958) – *Presentation of Financial Statements of Not-for-Profit Entities*. The update makes several changes to current FASB reporting requirements that address the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources and the lack of consistency in the type of information provided about expenses and investment return. The NSAF has adjusted the presentation of these statements accordingly.

Note 3. Availability and Liquidity

The following represent the NSAF's financial assets at December 31, 2018:

Cash and cash equivalents	\$2,137,402
Accounts receivable, net	1,840,287
Total financial assets	\$3,977,689

Less amounts not available to be used within one year:

Net assets with donor restrictions expiring after December 31, 2019	<u>(681,468)</u>
---	------------------

Financial assets available to meet general and restricted program expenditures over the next twelve months	<u>\$3,296,221</u>
--	--------------------

The NSAF is substantially supported by restricted contributions. Because a donor's restriction requires resources to be used in a particular manner or in a future period NSAF must maintain sufficient resources to meet those responsibilities to its donors. Thus, financial assets may not be available for general expenditure within one year. As part of NSAF's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities and other obligations come due.

Note 4. Defined Contribution Retirement Plan

In April 2002, the NSAF established a defined contribution retirement plan for its employees under Section 403(b) of the Internal Revenue Code. All non-temporary employees may make contributions to accounts under the plan on a pre-tax basis, subject to the maximums provided by law. In cases in which employees who are at least 21 years of age and who have been employed by the NSAF for at least two years without a break in service, contribute five percent or more of their salaries, the NSAF makes contributions to their retirement accounts established under the plan equal to ten percent of their salaries. The NSAF's contributions to employees' accounts under the plan totaled \$172,975 and \$168,167 for the years ended December 31, 2018 and 2017.

Note 5. Commitments

Under the terms of a license agreement, the NSAF pays GWU \$50,000 a year for office space and certain related facilities and services. The agreement, which commenced in January 1995, runs in automatically renewable five-year periods and is cancelable upon nine months' notice by either party.

THE NATIONAL SECURITY ARCHIVE FUND, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

Note 5. Commitments (Concluded)

The NSAF leases office equipment from commercial suppliers under non-cancelable leases; future gross minimum annual rental payments to be paid under these leases as of December 31, 2018 totaled \$25,251 (payable during 2019 through 2023).

Rent expense under the lease agreements for the years ended December 31, 2018 and 2017 totaled \$7,764 and \$6,435, respectively.

Note 6. Foundation Grants Receivable

As of December 31, 2018 and 2017, the NSAF held the following multi-year grant commitments:

Less discount	-	-
Less current portion	<u>(1,116,000)</u>	<u>(1,034,000)</u>
Net Grants Receivable, long term	<u>\$ 600,000</u>	<u>\$ 416,000</u>

The anticipated collections of the grants receivable based upon the stated payment terms are as follows:

2020	300,000
2021	<u>300,000</u>
	<u><u>\$ 1,716,000</u></u>

	<u>(355,860)</u>	<u>(352,113)</u>
	<u><u>\$ 12,798</u></u>	<u><u>\$ 5,283</u></u>

Depreciation and amortization expense was \$3,747 and \$3,364 for the years ended December 31, 2018 and 2017.
