Re: A Freedom of Information Act Request

Dear Sir or Madam:

This is a request for agency records, brought pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552.

I hereby request access to review all records generated or received in connection with the White House Security Review led by Under Secretary Ronald Noble. This request includes records maintained in any form, including, but not limited to, documents, maps, models, videotapes and other computerized or magnetic media.

To the extent that any of the requested records are classified under the provisions of Executive Order 12356, I ask that they be subjected to the mandatory review for declassification required by Section 3.4 of that order. Because this review process can often be lengthy, I ask that any unclassified records be made available immediately.

I expect that several thousand pages of records will be responsive to this request. I ask that these records be made available for my review, after which I will select those pages that are of interest for copying.

I am a reporter for ABC News and am seeking this information as part of research for ongoing news stories. I ask that this request be classified as one from a representative of the news media, under the fee provisions of FOIA. Though this is now only a request to review records, I may seek a waiver of duplication fees after examining the records.

Please telephone me at (202) 222-7300 to arrange a mutually convenient time to review the requested records, or if there are any questions about this request.

Many thanks for your assistance.

Sincerely,

  
Josh Gerstein
