I received the package you sent but disagree these are the only items releasable under this FOIA. I would like to request that we receive more information from our original request. Of the items we requested (original request below) hardly anything was answered. There was no SOW in the package. Is it possible to find out the sales posted on the website associated with this GSA order? No task orders were supplied so no associated modifications were enclosed either. We were not given any information concerning items 1,2,3,4,6,7,& 8 listed below. As far as our request #5 we did not get verification that this was the only basic ordering agreement or that there were no stand alone delivery orders awarded from the solicitation. NTA has paid the charges incurred from this endeavor and promises to pay any future costs involved in gathering this information. Thank you again for your help.
