ACTION

MEMORANDUM FOR: ZBIGNIEW BRZEZINSKI

FROM: ROBERT A. ROSENBERG

SUBJECT: Declassification of "Fact of" Satellite
Reconnaissance

The memo to the President from Vance/Warnke which you read on this subject and its relationship to SALT is at TAB B. In response to your guidance I have prepared a note from you to Vance and Warnke indicating that you plan to hold their memo until the PRC(Space) has completed its review. You asked me to see if Frank could separate out the issue you tasked the PRC to look at (TAB A)--and he has agreed to do so and accelerate treatment of that subject. The latest draft of the paper prepared for this issue is at TAB C.

RECOMMENDATION

That you sign the memo at TAB I to Vance and Warnke. Frank Press concurs.
