Subject: Your Request

Status Urgent New

Will,

I received your request this AM. I checked and confirmed that we did not change our training material to reflect any new guidance in the Ashcroft memo. Additionally, we did not issue any guidance except for the memo you already have. Also, we have no legal analysis. Will you withdraw this, or do you want a formal letter that will take time away from closing one of Bill's or Robert's requests?? :)

Jim
