Mr. Matthew J. Harvey
Director
Office of Legislative Affairs
Agency for International Development
Washington, D. C.

Dear Mr. Harvey:

A press report from Mexico City carried in the Foreign Broadcast Information Service for June 18 (page 11) alleges that the military officers in charge of the "Falcons" were trained in the United States. The reports specifically mentioned Colonel Manuel Diaz Escobar.

I would appreciate any information available to AID with respect to this matter.

In addition, please supply a detailed description of AID's police or related training programs involving Mexican nationals for the last five years. Include the names of each Mexican receiving such training, as well as the dates, location, and nature of training.

Sincerely yours,

J. W. Fulbright
Chairman
