

CONFIDENTIAL

GENERAL ADVISORY COMMITTEE
TO THE
U. S. ATOMIC ENERGY COMMISSION
WASHINGTON 25, D. C.

July 19, 1950

Mr. Gordon E. Dean, Chairman
U. S. Atomic Energy Commission
Washington 25, D. C.

Dear Mr. Dean:

We are sending to you today a letter to the Director of the Los Alamos Scientific Laboratory, that we should like very much to have you transmit to him. I have written this letter as a result of conversations among the four members of the General Advisory Committee who have had occasion to spend some time at Los Alamos this month, and who are convinced that an interim report on the important work of the Laboratory could be of decisive help at the time of the Committee's next meeting. The content of the letter has, of course, been informally discussed with Dr. Bradbury. We hope that it will seem appropriate to you to transmit the letter itself through formal channels.

Very sincerely,

J. R. Oppenheimer
Chairman
