

To the CC CPSU

The situation in Afghanistan following the events of September 13-16 of this year, as the result of which Taraki was removed from power and then physically destroyed, remains extremely complicated.

In the efforts to strengthen Amin in power, along with such superficial gestures like the beginning of the reworking of the draft of the constitution and the liberation of some of the people who had been arrested earlier, in fact the scale of repressions in the Party, army, state apparatus and civic organizations has widened...

According to information which we have, at the present time the execution of a group of Politburo members (Zerai, Misak, Pandzhshiri) who are subject to fictitious accusations of "anti-Party and counter-revolutionary activity" is planned. At the plenum of the CC PDPA which took place recently, Amin introduced into the ruling organs of the Party people who are more devoted to him, including a number of his relatives...

Recently there have been noted signs of the fact that the new leadership of Afghanistan intends to conduct a more "balanced policy" in relation to the Western powers. It is known, in particular, that representatives of the USA, on the basis of their contacts with the Afghans, are coming to a conclusion about the possibility of a change in the political line of Afghanistan in a direction which is pleasing to Washington.

Taking account of this and starting from the necessity of doing everything possible not to allow the victory of counter-revolution in Afghanistan or the political reorientation of H. Amin towards the West, it is considered expedient to hew to the following line:

1. Continue to work actively with Amin and overall with the current leadership of the PDPA and the DRA, not giving Amin grounds to believe that we don't trust him and don't wish to deal with him. Use the contacts with Amin to assert appropriate influence and simultaneously to further expose his true intentions...

Upon the availability of facts bearing witness to the beginning of a turn by H. Amin in an anti-Soviet direction, introduce supplemental proposals about measures from our side.
