Case ID #: (U) (S) 288-HQ-1242560 (Pending)

Title: (U) (S) UNKNOWN SUBJECTS;
MULTIPLE INTRUSIONS INTO DOD FACILITIES;
CITA - INTRUSION
OO: FBIHQ

Synopsis: (U) (S) Intrusions being made into various military computer systems, with high level coordination being maintained between the military services and civilian agencies. Legal proceedings will furnish ISP logs in Unix format, and coping and search of the logs is required. Guidance in requesting CART assistance is requested.

Administrative: (U) Re 2/10/98 conversations with Headquarters CART and WFO CART.

Details: (U) (S) On 2/7/98 as a result of a series of meetings it was determined that since early 2/98 various military systems have had a series of apparently coordinated intrusions in which various sniffers have been placed utilizing civilian networks, with some military systems losing password data. There is grave concern over the matter as some connections have been traced to the middle east, with the majority originating from the United States.

(U) (S) This matter is receiving the highest level of attention among both the military services and civilian agencies due to the potential of the intrusions to be based on recent U.S. military activity in the middle east. As a result, elements of

DOD, the various military services, and numerous civilian agencies are maintaining command centers on a 24 hour, seven day week basis to analyze information, with briefings being furnished to the National Security Counsel as required. Referral/Consult

(U) ~~(S)~~ Contact with Headquarters CART indicated that CART examinations are field office responsibilities, which in this case may be performed by WFO. Contact with WFO indicates that WFO does WFO examinations, and that Headquarters should probably conduct Headquarters examinations. The suggestion was made that the evidence be given to Squad C-17, who can then request that a CART examiner be assigned, who will then conduct the CART duplication and examinations.
