1. [redacted] orders have arrived at Sondershausen from Moscow to prepare an FMS\* road convoy. For this purpose, ten truck-trailers are to be fitted out with the appropriate equipment. These orders were signed by Chertok (fnu). Work had not started by the end of August 1947.

2. [redacted] neither of the FMS trains which left Berka a.d. Wipper for Sondershausen between 12 and 18 July 1947 has yet reached Moscow, where they are impatiently waited. The difficulty is in getting them discreetly through Polish territory.

3. [redacted] a certain Hammer (fnu), a mathematician who was previously employed in the guided missiles establishment of Bleicherode, was sent to the USSR in 1946. He is now living with sixty other German families on the Seliger See in the Valdai Mountains, after having been in Moscow.
