## 4. KLYUCHI AREA

56°18'N - 160°51'E

The town of Klyuchi, and the Klyuchi heliport, were on the extreme oblique. There was better coverage of the area previously, as reported in HTA/B43/57.

## a. KLYUCHI AIRFIELD

56°16'N - 161°02'E

The sod airfield southeast of town was not covered by the previous mission. At least three aircraft, and possibly a fourth, were noted, but due to lack of stereo and the oblique view, they were not identified. This airfield appears to be still under construction, and may be a major field when completed.

25X1

There is one runway oriented NE/SW. It measures 2800 by 150 feet, but it is readily extensible to 4000 feet. No aircraft were visible.
