FROM:

WILLIAM E. ODOM *Wo*

SUBJECT:

Another False Tactical Warning  
of a Missile Attack

*Yesterday*

This afternoon the NORAD and SAC computers generated information almost identical to that which triggered the missile threat assessment conference call in the early morning of June 3. It was contained below a missile threat assessment conference call this time. Some SAC crews did scramble and turned over their engines. NEACP did not move. ~~I asked for copies of any fact sheets that are produced on this tonight.~~ (S) *OK*
