Dear Sir:

PROJECT 9536 - HANFORD ENGINEER WORKS

Confirming your request, we are enclosing current construction forecast for the above project, indicating start-up and completion dates by areas and the force reduction curve estimated to the completion of the work. You recognize the increment of time for closing the project beyond February 15, 1945 is dependent upon the policy to be administered in disposal of the Hanford Camp and excess materials.

Kindly advise if we can provide any additional information.

Very truly yours,
