Key Findings (U)

	SECRET
	g Links Between Alien Smugglers mists: Threats to the United States
HAMAS, a smuggling to the Unite	The extremist groups typically rely on the alien smuggling
. illegal mi	nts. They solicit help from document vendors who cater to grants to receive genuine—though fraudulently obtained—, visas, and other identification documents from corrupt
logistical	. They pay smugglers to make travel, lodging, and other arrangements, and to pay off corrupt officials who ensure that ion members can slip through various travel and security ats.
	· · · · · · · · · · · · · · · · · · ·

Against a backdrop of strong continued demand for global illegal migration—including to the United States—and an inability of many countries to fortify their immigration regimes, opportunities for extremists to sustain or expand linkages to alien smuggling networks and to slip into the flows probably also will grow.

 Most countries outside the developed world—especially in or near fraudulent document centers that abet terrorist movements—remain ill equipped to effectively monitor their borders largely because of underfunded and poorly trained immigration regimes.
