EXERCISE EXERCISE EXERCISE MIGHTY DERRINGER EXERCISE EX Page 1 of 2

AIMS Field Document # 022 Date 12/07/86 Time 0230  
Classification : SNSI

Priority: Background

From : Assessment/McMaster  
To : Standard Distribution

Subject : IRT Intelligence Summary 061200-062400

(S/NF) The activity at the incident site has remained relatively the same over the last twelve hours, with the following developments. A vehicle mounting a nuclear material detection device indicated no material present at the south target. The vehicle could not approach the north target closely enough to get a reading. A debriefed source indicated that one bomb might be moved at 2200Z (1400L).

(b)(1)

Surveillance of the site has not observed loading or movement of a device this time period. A signal intercept picked up a comment on a "leaking valve."

(b)(3)

Terrorists movements/activity. The "Boss" (prob Gooch) has been I.D.'ed as driving a blue Bronco which arrived at the target site at 1536Z. One other possible terrorist vehicle is a light grey pick-up lic number "U.S. Govt92131." The terrorist have been using the entrance on the north side of the south target.

(b)(1)

The terrorist strength: six have been identified, up to 12 separate names have been used, best estimate eight to ten (8-10) on site.

(S) Terrorist Status

Weapons observed include Browning hi-power pistols, UZI sub-machineguns and at least one shoulder fired rifle (possible AKM). Booby traps and alarms have been installed in and around the rocket motor test bed stand (south target) and along the main service road leading to the rocket stand. Along the perimeter of the test bed and along the berm side of the main access road.

Communication Equipment: The terrorist are using hand held radios. Frequency is 164.670 MHZ. Operating schedule is unknown.

(S) Conclusions/Analysis. No additional data on the deadman's device has been received to prove or disprove it's existence. The press is cognizant of the activity at the refinery. The President (El Jefe) has been able to keep the article from being published. The journalist have picked up on: the

refinery is in strange hands, and a large number of foreigners in Montrev.

~~SECRET~~

Current assessment of Montrev armed forces capable of securing the site after the take-down, is the Special Brigade (Brigada Especial). The Directorate of Federal Security (Direccion Federal de Seguridad - DFS) controls the Special Brigade. The Special Brigade, Montrev's only counter-terrorist force is extremely loyal to the President. The Brigade has a strength of 50-60 men. They are armed with UZI submachine-guns, shotguns (NFI) and Browning 9mm pistols. The unit is currently on full alert for deployment.

It's current isolation location is unknown.
